19.1.9.1.2 If after the second pass there remain insufficient candidates to fill the Constituency C seat, the rule limiting companies to 5 seats shall be disregarded and the number of NEC members that may be elected from any one company increased by one. A third pass of the election results will take place to fill the vacant Constituency C seat. Any person elected under this provision shall retire from the NEC at the close of the ADC following their election having served a one-year term.

19.1.9.3.3.2 If after the second pass there remain insufficient candidates to fill all 12 seats, the rule limiting companies to 5 seats shall be disregarded and the number of NEC members that may be elected from any one company increased by one. A third pass of the election results will take place to fill the vacant seat(s). Any person(s) elected under this provision shall retire from the NEC at the close of the Annual Delegates Conference (ADC) following their election having served a one-year term.

19.1.10 The Returning Officer shall:

19.1.10.1 Assign recognised companies to a voting constituency in August of each year using the Association’s membership data as at the first working day in August each year. Once assigned a constituency a company will retain that constituency until the following year regardless of changes in membership.

19.1.10.2 Calculate the maximum number of NEC seats for Constituency A companies for the next period of election, in August of each year, using the Association’s membership data as at the first working day in August that year. Once assigned a maximum number of NEC seats a Constituency A company will retain that maximum number of NEC seats until the following year’s calculation regardless of subsequent changes in membership; and shall publish this information every time an election ballot is held.

31.2.10 The RFCC shall meet not less than once in every 2 months.

31.3 DUTIES OF THE RFCC

31.3.1 The RFCC shall meet for discussions and for the information of the Associate members it represents on all matters relating to BALPA and the interests of members of BALPA within its area. It shall further be the duty of the RFCC to:

31.3.1.1 Monitor information and activities within the Association that may affect the members represented by the RFCC.

31.3.1.2 Monitor information and activities both nationally and within the wider union movement, which may affect members represented by the RFCC.
Consider any problems raised by individual members represented by the RFCC and either deal with them directly or refer them to the appropriate BALPA department.

Where necessary consider policy and make recommendations to the NEC or ADC.

Refer any problems affecting members represented by the RFCC, requiring action beyond the remit of the RFCC, to the NEC or ADC.

**SECTION 6 BALLOTING**

**Rule 32 THE DETERMINATION OF QUESTIONS BY BALLOT OF BALPA MEMBERS**

32.1 The NEC shall have power to submit any matter or question, including any election or ballot required under these Rules, to a ballot vote of members of BALPA in accordance with this Rule. The provisions of APPENDIX 1 to these Rules shall have effect for the purposes of any ballot conducted under this Rule and shall be construed as if they formed part of this Rule. Nothing in these Rules shall be taken to require a ballot to be held at an uncontested election.

32.2 All balloting will be conducted by e-balloting unless legislation requires a postal ballot, or the NEC decides otherwise.

32.3 Before the ballot papers are issued for a ballot under this Rule, the NEC shall determine:

32.3.1 The date by which ballot papers shall be sent to members, and
32.3.2 The place to which and the date and time by which the ballot paper must be returned (the 'closing date'), and
32.3.3 If different, the place, date and time at which the counting of the ballot papers will take place
32.3.4 In the absence of any other determination by the NEC, the place to which ballot papers are to be returned and where the counting of the ballot papers is to take place shall be BALPA's registered office.

32.4 Entitlement to vote in any ballot conducted under this Rule shall depend upon the nature of the ballot. Generally, entitlement to vote shall be accorded equally to all persons who, at the date determined under Rule 32.3.1 are:

32.4.1 members of BALPA, or
32.4.2 members of BALPA falling within an identifiable section of membership defined for the purposes of that ballot.

32.5 Entitlement to vote in any ballot concerning pay or conditions of employment are accorded equally to all relevant members who, at the date determined under Rule 32.3.1 have 12 weeks' continuous membership of BALPA. No qualifying period of membership is required to participate in industrial action ballots.

32.6 A member who at the date of the issue of the ballot paper in question has been suspended from membership (under Rule 10) or otherwise who is in arrears of contributions shall not be entitled to vote in that ballot; and nothing in these Rules shall entitle an associate member of BALPA to vote in any ballot.

32.7 If, before or after the result of a ballot conducted under this Rule has been announced, it appears to the NEC that any irregularity may have occurred which could materially affect the result or validity of that ballot, the NEC shall have power:

32.7.1 To suspend the conduct of the ballot for such period not exceeding one month as it may determine, and /or
32.7.2 To declare such ballot void.

If the NEC declares a ballot void it may, and, if so required by these Rules, shall, cause a further ballot to be conducted as soon as possible, in accordance with this Rule.
In determining whether any irregularity would have altered the ballot result the NEC may take into account any factors that it considers appropriate. It may also disregard the following irregularities for any ballot conducted under this Rule:

32.8.1 The fact that any member who is outside Great Britain throughout the period during which votes may be cast has not had a reasonable opportunity to vote in the ballot, and

32.8.2 Any inaccuracy in counting the votes cast in the ballot, if such inaccuracy is accidental and on a scale which is unlikely to affect the result of the ballot.

SECTION 7 INDUSTRIAL ACTION

Rule 33 INDUSTRIAL ACTION

33.1 Subject to the provisions of Rules 33.2 and 33.3, when a CC so recommends, or when it appears to the NEC that a strike or other industrial action is or may be necessary, the NEC shall determine the nature of such industrial action to be applied (if any). It shall give directions for the action and such directions shall be communicated to the affected members by the General Secretary.

33.2 The NEC shall not give any such directions as are mentioned in Rule 33.1 unless the industrial action determined upon has previously been authorised by a ballot conducted in accordance with Rule 32 and Part V of the trade Union and Labour Relations (Consolidation) Act 1992. The members of BALPA who shall be entitled to vote in any ballot for the purpose of this Rule shall be all those members (and those members alone) whom it is reasonable, at the time of that ballot for the NEC to believe will be called upon in the strike or other industrial action to act in breach of, or to interfere with the performance of, their contracts of employment.

33.3 For the purposes of Rule 33.2, industrial action shall only be regarded as having been authorised by a ballot if:

33.3.1 The direction for putting the NEC’s determination into effect was issued within 4 weeks from the date of the ballot. ‘The date of the ballot’ means the last day upon which, if a vote were posted on that day, it would in the ordinary course of first-class post arrive at the place and by the closing date determined by the NEC under Rule 32.3.

33.3.2 The first action required by such direction was required to have taken place within that period.

33.4 If, in accordance with Rule 33.1 the NEC directs that any member or members should take strike action (including action short of a strike), it may:

33.4.1 Impose a levy upon members of BALPA or upon such group or groups of members of BALPA as it may determine to enable benefit to be paid during the industrial action,

33.4.2 Pay benefit to those members rendered idle by the strike (for the avoidance of doubt, this includes circumstances where the members are prevented from accessing their place of work by their employer (a “lockout”),

33.4.3 End or suspend the strike when it thinks fit for a period of up to 6 months from the date of the ballot (or up to 9 months with the agreement of the employer) in accordance with statute.

33.5 Notwithstanding any other provision of these Rules, no industrial action may be authorised or endorsed otherwise than by the NEC in accordance with this Rule.

33.6 No member shall be disciplined for refusing to participate in any industrial action. However, in the event of any member disregarding any direction or order made in accordance with Rule 33.1, they shall be liable to disciplinary action under Rule 10.

SECTION 8 CONTRIBUTIONS AND BENEFITS OF MEMBERSHIP

Rule 34 CONTRIBUTIONS

Part 1 Rates of Contribution
34.1 Every member falling within Rules 7.3.1 or 7.3.2 shall pay an annual subscription. Subject to Rule 34.6 the subscription shall be 1% of salary. The minimum subscription shall not be less than that paid by Class A Associate Members in accordance with Rule 34.4.

34.2 Every member falling within Rules 7.3.3, 7.3.4, 7.3.5 or 7.3.6 shall pay an annual subscription of 0.5% of salary. The minimum subscription shall not be less than that paid by Class A Associate Members, as specified in Rule 34.4.

34.3 The NEC may at its discretion determine that the subscriptions payable by newly joined members who have not previously been members shall be reduced by 50% in the first year of membership, and by 25% in the second year of membership.

34.4 Every Class A Associate Member shall, subject to the discretion of the NEC, pay an annual subscription as determined by the NEC from time to time.

34.5 Trainee Associate and Honorary Associate Members shall not be required to pay any subscription.

34.6 For the purposes of this Rule, a member’s ‘salary’ means the total annual pensionable emoluments payable to the member, at the rate applicable at 1st January in each year.

**Part 2 Methods of Payment**

34.7 Contributions shall be payable as the NEC may determine.

34.8 Except in the case of deduction from salary, all subscriptions shall be payable in advance.

34.9 The Member or Associate Member shall be responsible for the correct payment and is required to notify BALPA of any change to the amount of their subscription payable as soon as is practicable (for example any event occasioning any increase or reduction in salary).

34.10 In cases of salary increases, BALPA is entitled to seek payment of arrears.

34.11 In cases of salary decreases howsoever occasioned, BALPA at its discretion may provide a refund of any excess subscription paid backdated to a maximum of twelve months.

**Part 3 Arrears**

34.12 Any member whose contributions are in arrears shall (subject to Rule 34.15) be automatically suspended from membership or associate membership of BALPA. Any such person who is suspended from membership shall not be entitled to receive any benefit of membership, vote in any election or otherwise stand as a candidate in any election under these Rules.

34.13 Any member who has been suspended under Rule 34.12 shall have their membership automatically restored upon payment of all arrears, including those incurred during the suspension.

34.14 Any member who has been suspended under Rule 34.12 shall have their membership automatically terminated without further action on the part of the NEC if full payment of their subscription arrears is not received within 3 months of their suspension.

34.15 The NEC shall have discretion to waive the application of Rule 34.12.

**Part 4 General Provisions**

34.16 The NEC may, at its discretion, refund to the member or their administrators or executors the number of complete months’ subscription as are unexpired at the date of resignation, transfer or death.

34.17 Each member in good standing shall be entitled to free copies of 'The Log'.

**Rule 35 INDUSTRIAL ADVICE, REPRESENTATION, AND LEGAL ASSISTANCE**

35.1 Industrial Advice and Representation:

35.1.1 A member may apply for industrial advice and/or representation in respect of matters arising from the member’s employment, including matters relating to their professional duties which
qualified them as a member under Rule 7 and/or matters arising from an authorised trade dispute, by writing to a National Officer.

35.1.2 For the purposes of this Rule industrial advice and representation (as distinct from Legal Assistance as defined by Rule 35.3) shall be sought from, and provided by, BALPA’s officers.

35.2 All members are eligible to seek industrial advice and representation, although the extent of the same is at the discretion of the BALPA officer. In the event of disagreement, a member may escalate the matter to the General Secretary in writing.

35.3 Legal Assistance:

35.3.1 The provision of any form of Legal Assistance is determined by the Legal Services Sub Committee (LSSC) acting under delegated authority of the NEC.

35.3.2 A member may apply to the LSSC for Legal Assistance via a National Officer.

35.3.3 The LSSC may at its absolute discretion grant Legal Assistance and decide to appoint a legal adviser (either a solicitor or barrister) to provide initial legal advice, ongoing legal advice and representation in both contentious and non-contentious matters and proceedings.

35.3.4 The extent of any Legal Assistance granted, and how it is provided, shall be at the absolute discretion of the LSSC acting under delegated authority, but no Legal Assistance will be provided in respect of matters or events arising or known to the member prior to their membership of BALPA.

35.4 To be eligible to receive Legal Assistance a member must normally have 3 months’ continuous full membership of BALPA at the time of application. Members or other applicants who do not meet this criterion may, exceptionally, have their application considered at the discretion of the LSSC.

35.5 Where a member has died or is incapable of making an application personally for the purposes of this Rule such application may also be made to the LSSC by the following agents acting on their behalf: Personal Representatives, Dependants, Receiver, Litigation Friend or Legal Representative.

35.6 Legal Assistance in criminal matters and all legal advice and assistance in all other matters shall be granted at the absolute discretion of the LSSC.

35.7 Where an external solicitor or barrister is instructed by BALPA, any Legal Assistance or advice provided by them is provided to the LSSC for its benefit. It shall be at the LSSC’s sole discretion whether and to what extent it shares any advice received with the member.

35.8 The member will be protected from any resulting financial liability to pay costs by such means provided or approved by BALPA as the LSSC may determine provided that the member cooperates, acts reasonably, and in accordance with legal advice received. Such means may be varied or amended by BALPA during the case. This liability also includes legal disbursements, the premium for any policy of legal expenses insurance, and opponents’ costs where applicable. For the avoidance of doubt Legal Assistance granted is subject to any general conditions agreed with the solicitor or barrister instructed (and the LSSC reserves the right to set specific additional conditions in any case).

35.9 The grant of Legal Assistance shall be subject to the member abiding by the following conditions and any such other conditions as may be prescribed by the NEC:

35.9.1 The member shall permit BALPA and its legal advisors to have sole conduct of the matter and agrees to instruct solicitors or barristers nominated by BALPA and cooperate fully and honestly with BALPA and BALPA’s legal advisors and solicitors, which includes complying with a duty of good faith, and providing full and frank disclosure of all relevant facts and matters which is or may be in their knowledge, or in respect of which they may be aware. The member further agrees not to refuse unreasonably or act against the advice of the solicitor or barrister appointed by BALPA to advise them or to act on their behalf.

35.9.2 The member shall abide by an ongoing duty of confidentiality and shall not disclose to any third party any fact or matter arising out of or in connection with the Legal Assistance sought.

35.9.3 The member shall consent to the sharing and processing of information (including personal or sensitive information) by and between BALPA and any solicitor or barrister for the purpose of providing the Legal Assistance.
35.9.4 The member shall accept the obligation that, if successful in pursuing their claim or part of their claim, they shall take all necessary and sufficient steps to recover the legal costs incurred on their behalf whilst in receipt of Legal Assistance wherever, and to the full extent possible and, where indemnified by BALPA in pursuing the claim, shall repay any costs so recovered to BALPA forthwith.

35.9.5 The member shall maintain their membership of BALPA throughout the duration of the Legal Assistance, save where Legal Assistance is provided to a personal representative or other non-member as outlined in Rule 35.5 above.

35.10 Should the member fail to abide by any of the conditions referred to in Rules 35.3 to 35.9:

35.10.1 BALPA may withdraw the Legal Assistance forthwith and with effect from the date of the application for Legal Assistance or such other date as BALPA may specify. With effect from the same date the member will also have no BALPA indemnity in respect of the costs incurred by any other party to a case in which BALPA had agreed to provide such indemnity.

35.10.2 The member shall, in any event, be obliged, upon the written request of BALPA, to repay to BALPA all legal costs expended in indemnifying them in respect of both their own costs and disbursements and in respect of any liability to pay the costs and disbursements of any other party in proceedings in which the member is a party whether such costs arose before or after the withdrawal of the Legal Assistance or the breach of the conditions referred to in Rules 35.3 to 35.9 above.

35.11 In all cases the LSSC and/or NEC has absolute discretion not to provide Legal Assistance regardless of the underlying merits of the case (for example including but not limited to situations where the provision of the same may carry significant adverse political, legal, or other risks to BALPA, its members, or the airline industry, or whether this may conflict with any industrial objectives pursued by BALPA. Nothing in this Rule prevents the LSSC/NEC from providing Legal Assistance where it considers appropriate to do so.

Rule 36 VICTIMISATION PAY

36.1 Where a member of BALPA acting under the advice or instruction of the NEC to further the interests of BALPA by reason thereof sustains financial loss, they may apply to the NEC for compensation. The NEC in its absolute discretion may decide to pay such sums as it considers appropriate according to the circumstances of the case.

SECTION 9 FINANCE

Rule 37 BALPA FUNDS

37.1 The NEC shall cause to be opened an account or accounts at such bank or banks as it may determine, into which BALPA funds will be paid. All withdrawals from the bank shall be made as directed by the NEC.

37.2 BALPA funds which are not required for immediate use or to meet accruing liabilities may, with the sanction of the NEC, be invested in the purchase of funds, shares or like securities, or such other property (including freehold or leasehold land or property) as the NEC shall think fit.

37.3 The income and property of BALPA shall be applied solely towards the promotion of the objects of, and in the administration of BALPA. No portion thereof shall be paid directly or indirectly by way of profit to the members, provided that nothing shall prevent the payment in good faith of remuneration or reimbursement of reasonable expenses incurred on BALPA's behalf to any officer, official or member of BALPA in accordance with expenses claim guidelines which are issued for time to time by the NEC.

Rule 38 ACCOUNTS

38.1 The NEC shall ensure that true accounts are kept of all monies received and expenditure incurred by BALPA, the matters in respect of which such receipts and expenditure take place, and of the assets, credits and liabilities of BALPA. The accounts shall be kept at the registered office of BALPA or at such other place or places as the NEC may deem fit.
Rule 39  
AUDITORS

39.1 The accounts of BALPA shall be made up to December 31st and audited each year by a qualified auditor or auditors who shall be members of the Institute of Chartered Accountants of England and Wales. The General Secretary and Treasurer shall produce all books and papers necessary for the complete examination of BALPA’s accounts. Such auditors shall be appointed at the ADC.

Rule 40  
INSPECTION OF BOOKS

40.1 Every member shall be entitled to a copy of the annual balance sheet of BALPA and any member may inspect at the Registered Office, at any reasonable time and with the prior approval of the NEC, the accounting records of BALPA.

SECTION 10  
NOTICES AND DISSOLUTION

Rule 41  
GENERAL PROVISIONS AS TO NOTICES, VOTING, RESOLUTIONS AND MINUTES

41.1 Except as expressly provided in these Rules, any notice required to be given under these Rules shall be deemed to have been properly given if notice is set out in the official journal of BALPA (The Log), or by email, or in such other manner as the NEC may decide.

41.2 Any Rule which requires a ballot list, ballot paper, circular or notice to be sent to a member shall be deemed to have been complied with if that is sent either by pre-paid letter in the ordinary post, addressed to the latest postal address registered with BALPA, or otherwise by email to the last known email address provided by the member.

41.3 Except for postal ballots required by statute, the NEC may use e-voting to determine any matter or question, including an election or ballot required under these Rules. Where the NEC determines to undertake e-voting, this Rule overrides the requirements for the conduct of ballots set out elsewhere in the Rules and under APPENDIX 1. The arrangements for e-voting will be as determined by the NEC from time to time.

41.4 In the event of accidental omission, the NEC shall decide if any ballot, proceedings or resolutions are thereby invalidated.

41.5 The declaration made by the Chairman of any conference as to the result of any ballot, vote or resolution shall be conclusive.

41.6 Minutes shall be kept for all BALPA meetings in such form as may be decided by the NEC, but for the avoidance of doubt this Rule does not confer any right upon a member to inspect any minutes.

Rule 42  
DISSOLUTION

42.1 BALPA may at any time be dissolved by the consent of three-quarters of its members. Such consent shall be obtained by ballot taken in accordance with Rule 32. Its assets shall thereupon be realised, and all the debts and liabilities satisfied. The remaining assets shall then be divided among the members existing at the date of the resolution for dissolution in proportion to the amount of the subscriptions paid by them respectively during their respective periods of membership.
APPENDIX 1:  REGULATIONS FOR THE CONDUCT OF BALLOTS UNDER RULE 32

1  Issue of Ballot Papers

1.1  The NEC shall appoint an independent scrutineer to act as Returning Officer for the ballot in elections for the office of General Secretary, Honorary President, or positions on the NEC. The Returning Officer shall conduct the election within the terms of this Appendix and shall carry out the following functions in relation to the election:

1.1.1  To supervise the production and distribution of all the voting papers and to receive the voting papers which are returned, and
1.1.2  To take such steps as appear to be appropriate for the purpose of enabling them to make any report as required by legislation, and
1.1.3  As soon as reasonably practicable after the last date for the return of voting papers to make the report required under paragraph 1.1.2 to the NEC, and
1.1.4  To retain custody of all voting papers returned for the purposes of the election until the period on one year beginning with the announcement by the NEC of the election result.

1.2  The independent scrutineer will be qualified in accordance with the requirements laid down by the Secretary of State under Section 49 of the Trade Union and Labour Relations (Consolidation) Act 1992.

1.3  In the case of any election or ballot not falling within Regulation 1.1 the NEC shall appoint an officer of BALPA to act as Returning Officer for the ballot who shall conduct the election or ballot in accordance with the provisions of this Appendix.

1.4  In the case of an election the Returning Officer shall supervise the nomination process in accordance with the timetable prescribed by the NEC. The Returning Officer shall have power to determine any question concerning the validity of any nomination and the decision of the Returning Officer on any such question shall be final. The Returning officer shall issue to each member entitled to vote in the ballot and post to each such member, at their postal address, (unless Regulation 1.7 applies) by the date determined under Rule 32.3.1:

1.4.1  A ballot paper validated in accordance with Regulation 7.1; and
1.4.2  An envelope (hereinafter called a "ballot envelope"), as referred to in Regulation 5.2, provided that where more than one ballot is conducted at the same time, the member need only be sent one ballot envelope.

1.5  A list of those members to whom the ballot is sent shall be prepared and retained by the Returning Officer.

1.6  The period between the dates fixed by the NEC under Rules 32.3.1 and 32.3.2 shall be long enough to afford members entitled to vote in the ballot a reasonable opportunity of doing so. In the case of a ballot conducted for the purposes of Rule 19.1, such period shall not be less than three weeks.

1.7  When (in the circumstances relating to any member entitled to vote in the ballot) it is not or it is no longer reasonably practicable for them to be sent a ballot paper and ballot envelope by the date determined under Rule 32.3.1, then a ballot paper and ballot envelope shall be sent to them as soon as is reasonably practicable after that date, to give them a convenient opportunity to vote by post.

1.8  For the issue of ballot papers, a member’s postal address shall be the address registered under Rule 26.6 or such other address as the member may have notified to the General Secretary in writing.

2  Contents of Ballot Papers

2.1  In the case of a ballot conducted for the purposes of Rule 19 or any other election, the ballot paper shall contain where appropriate:

2.1.1  A list of the candidates in alphabetical order of surname and, against each candidate's name, a box in which a voting mark may be written, and
A clear statement as to the Constituency in which each candidate is standing and a clear statement of the number of candidates to be elected to each Constituency, or a statement of the number of candidates to be elected, and

Next to or immediately above the list of candidates’ names and voting boxes, there shall appear the words:

‘Mark “X” against each of the candidates of your choice, up to a maximum of [the number of vacancies to be filled in the election] candidates. Do not vote more than once for the same candidate’.

Members entitled to vote in the ballot shall cast their votes by writing “X” in the voting box next to the name of each candidate for which they wish to vote, up to a maximum of the number of vacancies to be filled in the election.

In the case of a ballot conducted for the purposes of Rule 32 and where industrial action (whether a strike or industrial action falling short of a strike) is under consideration:

The ballot shall include a question to which the answer is ‘Yes’ or ‘No’. There shall appear after each of the words “Yes” or “No” a box in which a voting mark may be written and next to the two such boxes there shall appear the words: ‘Mark your preferred answer with a cross’.

Two or more questions may be included in a single ballot paper, provided that every member who is entitled to vote in the ballot is entitled to vote in answer to all the questions included in the ballot paper. In any such case, each question shall be treated as a separate ballot for the purposes of voting in the ballot, counting the votes cast and declaring the result thereof.

The ballot paper shall contain in clear type and in a prominent position the following wording: “In answering the following question(s), remember that any industrial action directed by the NEC and authorised by this ballot may involve you in a breach of your contract of employment”.

In the case of a ballot conducted for the purposes of Rule 32 and where the industrial action in question is or includes industrial action falling short of a strike, the ballot paper shall contain a question however framed which requires, the member to say, by answering ‘Yes’ or ‘No’ whether the member is prepared to take part or (as the case may be) to continue to take part, in industrial action falling short of a strike, but involving them in a breach of their contract of employment.

In the case of any other ballot paper, the ballot paper shall contain such question or questions as may be appropriate.

The ballot paper shall contain a mark or stamp, in accordance with Regulation 7.1 together with the instructions for voting referred to in Regulation 2.1 as are appropriate in any given case and the following instructions (or instructions to like effect):

‘Do not make any mark on the ballot paper or envelope by which you can be identified. When you have voted, place the ballot paper (and nothing else) in the envelope provided, seal it and post it to [the place determined under Rule 32.3.2] to arrive not later than [the date and time determined under Rule 32.3.2]. The ballot papers will be counted at [the place, date and time determined under Rule 32.3.3]. Any failure to comply with these instructions may result in your ballot paper not being counted.

Statements circulated with ballot papers

In the case of a ballot conducted for the purposes of Rule 19, or any other election, the NEC will make provision to permit each candidate in the election to submit a statement in support of their candidacy. In the case of elections for the Honorary President and the General Secretary a statement shall be no longer than 1000 words. In the case of all other elections such a statement shall be no longer than 400 words. Statements submitted in writing will only be accepted on the understanding that BALPA will not be responsible for any errors of interpretation when they are reproduced for circulation. Statements shall be sent to each member entitled to vote in the ballot together with the ballot paper.

In the case of an election for the position of Honorary President, General Secretary or member of the NEC, the NEC will ensure that none of the candidates is required to bear any of the expense of producing copies of the election statement. The NEC will also ensure that no modification is made to the content of any election statement unless at the request or with the consent of the candidate, or where the modification is necessarily incidental to the method adopted for producing that copy.
3.3 The NEC will ensure so far as is reasonably practicable, that the same facilities and restrictions with respect to the preparation, submission, length of modification of an election statement and with respect of the incorporation of any such statement, photograph, or of any other matter not in words, are provided or applied equally to each of the candidates.

3.4 In the case of a ballot conducted for the purposes of Rule 32, or any other ballot, the NEC may make such provision (if any) as it may determine for an explanatory statement of the issues touched upon by the ballot and of its recommendations (if any) to be sent to each member entitled to vote in the ballot, together with the ballot paper.

4 Method of Voting

4.1 The method of voting in any ballot shall be by the marking of the ballot paper by the member voting in person.

4.2 Each member entitled to vote in the ballot shall be allowed to vote without interference from or constraint imposed by, BALPA or any of its members, officials or employees; and for this purpose, the NEC may issue directions as it considers appropriate.

4.3 Every member who is entitled to vote in the ballot and wishes to do so must return their ballot paper by post, duly marked and in the ballot envelope provided under Regulation (3)(ii) above, to arrive at the place determined under Rule 32.3.2 by the closing date.

5 Ballot Envelopes and Return of Ballot Papers

5.1 The NEC may, and in the case of any ballot conducted for the purposes of Rule 19, Rule 21, Rule 22, Rule 26 or Rule 33, shall make such arrangements as necessary to ensure that each member entitled to vote in the ballot can do so far as is reasonably practicable without incurring any personal cost (including costs of postage).

5.2 The ballot envelope referred to in Regulation 1.4.1 shall be capable of being sealed and shall be addressed to the Returning Officer at the place determined under Rule 32.3.2. It shall bear, in bold letters, such words as may be necessary to identify the ballot or ballots in respect of which it has been issued.

5.3 In any case where the NEC is required by Regulation 5.1 (or so determines) to make arrangements for the costs of postage to be met in the first instance by BALPA, the ballot envelope shall bear a postage stamp or other stamp or mark showing that the envelope may be returned by post without direct cost to the voter.

5.4 The Returning Officer shall secure that the ballot envelopes returned under Regulation 4.3 are placed unopened in a secure place when received and so retained (save only for the purpose of scrutiny under Regulation 8.2) until the time fixed for the counting of votes.

6 Tellers

6.1 In the case of any election or ballot not covered by the provisions of Regulation 1.1, the NEC may appoint two or more persons who are not members of the NEC to act as Tellers for scrutinising and counting the votes cast in any ballot. The Tellers and such persons as they may appoint under Regulation 9.1 shall keep secret any information which they may acquire as to the way any given member or group of members has voted.

7 Validation of Ballot Papers

7.1 Each ballot paper shall be stamped with the stamp or seal of BALPA or with some other mark capable of authenticating that ballot paper. No ballot paper shall be used for voting which is not so stamped or marked.

7.2 If in relation to any ballot and subject to Regulation 7.3, the Returning Officer so determines, each ballot envelope shall bear a mark or number unique to the member to who such an envelope is sent. Such mark or number shall be recorded against such member’s name on the list or other record of members referred to in Regulation 1.5.
7.3 In addition to any other conditions of validity under these Regulations, a ballot paper shall only be regarded as valid if:

7.3.1 It is contained in the ballot envelope provided under Regulation 1.4.1 and such envelope is sealed, and

7.3.2 The ballot envelope and the ballot paper have been returned by post to the General Secretary at the address on the envelope, by the date and time specified on the ballot paper for that purpose, and

7.3.3 The ballot paper bears the stamp or mark required by Regulation 7.1, and

7.3.4 No mark is made on any part of the ballot paper or the envelope, or anywhere else which might in any way identify the voter, provided this condition shall not apply to any mark or number placed on the ballot envelope pursuant to a determination by the Returning Officer under Regulation 7.2.

8 Conduct of the Count

8.1 In any ballot, where pursuant to Regulation 7.2, the ballot envelopes have been uniquely marked or numbered, the Returning Officer shall scrutinise the marks or numbers on the ballot envelopes returned under Regulation 4.3, and check them off against the list or other record of members handed to them under Regulation 1.5 above.

8.2 At the place, date and time determined for the counting of ballot papers, and after completion of any scrutiny required by Regulation 8.1, the Returning Officer shall, in the following order:

8.2.1 Open the ballot envelopes which have been returned under Regulation 4.3, and

8.2.2 Clear away such ballot envelopes, and

8.2.3 Count the votes.

8.3 Any member shall be entitled to attend the counting of the ballot papers, but shall comply with such directions as the Returning Officer may give for securing that:

8.3.1 The count is conducted in an orderly manner, and

8.3.2 No person (other than any Tellers and persons appointed by them under Regulation 8.6) can discover how any given member or group of members has voted.

8.4 The Returning Officer shall decide whether any ballot paper is to be ruled invalid under the Rules and shall forthwith separate any such paper and mark it ‘Invalid’. The Returning Officer shall rule as invalid any ballot paper which:

8.4.1 Does not indicate any vote, or

8.4.2 Indicates in a given voting box more than one vote, or

8.4.3 Contains more votes than the number of vacancies to be filled in the election, or

8.4.4 Does not comply with the conditions of validity set out in Regulation 7.3.

8.5 At the conclusion of the count, the Returning Officer shall place the ballot papers which have been counted and those which have been ruled invalid in separate sealed parcels and shall then retain them and the list referred to in Regulation 1.5 in a secure place for at least 90 days after the closing date for the ballot and shall then hand them to the General Secretary who shall destroy them. In the case of an election under the provisions of Rule 19, Rule 22 or Rule 26 the Returning Officer shall retain the ballot papers in a secure place for a period of 12 months.

8.6 Any Tellers appointed under Regulation 6.1 may wholly or partly delegate the performance of their duties under Regulations 8.1 and 8.2 to such persons as they may determine (not being persons who, by reason of Regulations 6.1 and/or 7.3 would not be eligible to be Tellers), provided that the performance of such duties is always supervised by the Tellers.

9 The Result

9.1 The Returning Officer shall record the result of the ballot, including:
9.1.1 In the case of an election, the number of ballot papers declared invalid and the number of votes cast for each candidate. Subject to any other provision of these Rules whereby a candidate’s eligibility for election is defined or limited, the candidates (up to the number of vacancies to be filled in the election) receiving the largest number of votes shall be declared elected.

9.1.2 In the case of any other ballot, the number of votes cast in the ballot, the number of members voting 'Yes', the number of members voting 'No', and the number of individual ballot papers. They shall declare the result of the ballot to be whichever of the answers receives the largest number of votes.

9.2 The Returning Officer shall declare such results in a written return signed by them and deliver the same to the General Secretary for transmission to the NEC. Where required by statute the return shall incorporate the information required by S52 of the Trade Union and Labour Relations (Consolidation) Act 1992.

9.3 Without prejudice to any powers in relation to any other ballot, the General Secretary shall:

9.3.1 In the case of a ballot conducted for the purposes of Rule 32, take, as soon as is reasonably practicable such steps as are reasonably necessary after the holding of the ballot, to ensure that all members who were entitled to vote in the ballot (other than those who were outside Great Britain throughout the period during which votes might be cast), are informed of the result of the ballot, as specified in Regulation 9.1.2, and

9.3.2 In the case of an election inform the candidates in the election of the result thereof, as specified in Regulation 9.1.1.
APPENDIX 2: CODE OF CONDUCT FOR ELECTED AND APPOINTED REPRESENTATIVES, STAFF AND CONSULTANTS

1 Purpose of the Code

1.1 The purpose of this Code of Conduct is to assist Representatives, staff and consultants in the discharge of their obligations to BALPA and their constituents by:

1.1.1 Providing guidance on the standards of conduct expected in discharging their BALPA duties, and in so doing

1.1.2 Providing the openness and accountability necessary to reinforce member’s confidence in the way in which they perform those duties.

2 Scope of the Code

2.1 The Code applies to elected or appointed representatives, staff and consultants in all aspects of their Association life. It does not seek to regulate what representatives, staff and consultants do in their purely private and personal lives.

3 Public Duties of Elected or Appointed Representatives, staff and consultants

3.1 Representatives, staff and consultants have a duty to uphold the law, including the general law against discrimination, and to act on all occasions in accordance with the trust placed in them.

3.2 Representatives, staff and consultants have a general duty to act in the interests of the membership as a whole and a special duty to their constituents.

4 General Principles of Conduct

4.1 In carrying out their BALPA duties, representatives, staff and consultants will be expected to observe the following general principles. These principles will be taken into consideration when any complaint is received of breaches of the provisions in other sections of the Code.

Selflessness

Representatives, staff and consultants should take decisions solely in terms of the members’ interest. They should not do so to gain financial or other material benefits for themselves, their family, or their friends.

Integrity

Representatives, staff and consultants should not place themselves under any financial or other obligation to outside individuals or organisations that might influence them in the performance of their official BALPA duties.

Objectivity

In carrying out BALPA business, including making appointments, awarding contracts, or recommending individuals for rewards and benefits, representatives, staff and consultants should make choices on merit.

Accountability

Representatives, staff and consultants are accountable for their decisions and actions to the membership and must submit themselves to whatever scrutiny is appropriate to their office.

Openness

Representatives, staff and consultants should be as open as possible about all the decisions and actions that they take. They should give reasons for their decisions and restrict information only when the wider members’ interest clearly demands.
**Honesty**

Representatives, staff and consultants have a duty to declare any private interests relating to their BALPA duties and to take steps to resolve any conflicts arising in a way that protects the members’ interest.

**Leadership**

Representatives, staff and consultants should promote and support these principles by leadership and example.

5 **Rules of Conduct**

5.1 Representatives, staff and consultants are expected to observe the following:

5.2 At all times they shall base their conduct on a consideration of the members’ interest, avoid conflict between personal interest and the members’ interest and immediately resolve any conflict between the two in a transparent manner, and in favour of the members’ interest.

5.3 No member shall act as a paid advocate for an outside agency in any of the proceedings or business within BALPA.

5.4 Acceptance of any bribe or other benefit which may be offered or given to influence their conduct (including any fee, compensation or reward) in connection with the promotion of, or opposition to, any Motion contract or other matter submitted, or intended to be submitted to BALPA, or to any Committee, group or council of BALPA, will be subject to the deliberation of the NEC under Rule 10 and for staff and consultants disciplinary or breach of contract proceedings may result.

5.5 In any activities with, or on behalf of, an organisation with which a representative, member of staff or consultant has a financial relationship, including activities which may not be a matter of public record such as informal meetings and functions, they must always bear in mind the need to be open and frank with the NEC, other Representatives and staff in providing disclosure of such relationship without prompting.

5.6 Information which they receive in confidence in the course of their BALPA duties should be used only in connection with those duties, and that such information must never be used for financial or other personal gain.

5.7 They shall always ensure that their use of expenses, allowances, facilities and services provided by BALPA is strictly in accordance with the Rule and Policy laid down on these matters, and that they observe any limits placed by BALPA on the use of such expenses, allowances, facilities and services.

5.8 They shall always conduct themselves in a manner which will tend to maintain and strengthen the members’ trust and confidence in the integrity of BALPA and never undertake any action which would or could bring BALPA, or its Representatives, staff and consultants generally into disrepute.

6 **Registration and Declaration of Interests**

6.1 Representatives, staff and consultants shall fulfil conscientiously the requirements of BALPA in respect of the registration of interests in the Register of Representatives, staff and consultants’ interests and shall always draw attention to any relevant interest in any proceeding of BALPA or its Committees groups or councils, or in any internal or external communications.

7 **Duties when the National Executive Council (NEC) is acting in accordance with Rule 10**

7.1 Representatives, staff and consultants shall cooperate, at all stages, with any investigation into their conduct by or under the authority of the NEC.

7.2 No Rep or member of staff shall lobby a member of the NEC in a manner calculated or intended to influence their consideration of a complaint of a breach of this Code.

8 **Duties in respect of the NEC & Company Councils**

8.1 The success of the NEC and Company Councils in delivering for their members rests on trust between individual NEC/CC members, the encouragement of differences combined with a high degree of team
work. At all times NEC/CC members will maintain high professional and ethical standards towards each other.

8.2 Much information received by the NEC/Company Councils is of a sensitive or confidential nature and should be treated in confidence unless otherwise agreed.

8.3 The NEC/Company Councils should welcome debate and discussion and the expression of all points of view, whether they are a majority view or a minority. But once a decision has been made collective cabinet responsibility will apply with decisions accepted and supported by all. Minority views may be explained but not advocated.

8.4 No sub-committee appointed by the NEC or a Company Council should include a majority of the total NEC or Company Council membership, nor will collective responsibility apply to any report to the parent committee.

8.5 Attendance at NEC/Company Council meetings and on the business of BALPA members within the respective business is important and needs to be treated with the honour it deserves. NEC/Company Council members are expected to attend all meetings and, where this is not possible, absences should be explained to the relevant Chairman in advance. Absences should be rare and for unavoidable reasons.

8.6 In recognition of the importance of these principles any member who fails to live up to these standards would be expected to resign their post.

9 Leaving Office

9.1 Elected and appointed representatives will normally be expected to leave a ‘decency’ gap between serving as a representative and taking any remunerated office in an aviation relation or other business or organisation or setting up business on their own or with others.
APPENDIX 3 DISCIPLINE AND OBLIGATIONS OF MEMBERSHIP: DISCIPLINARY PROCEDURE AND REMISSIONS

General

1 Matters of discipline in respect of any member, associate member, or office holder will be considered in accordance with this procedure. For the avoidance of doubt, any timescales are indicative and may be unilaterally varied by the NEC or any person acting on its behalf.

2 Where there appear to be reasonable grounds to consider that a member might be guilty of a disciplinary offence, the NEC at its discretion may decide to appoint one or more person(s) (who need not be a member of BALPA) to investigate whether there is a case to answer. It shall be open to the NEC to delegate all or part of the investigation to such person(s) as it decides appropriate.

3 If the NEC receives a complaint signed by a member about the conduct of any member or associate member, it shall inform the complainant(s) accordingly and make enquiries as appropriate. If it does not find reason to proceed, it shall direct the General Secretary to notify the complainant(s) accordingly. If the NEC does consider that there may be a case to answer at a disciplinary hearing, it shall direct the General Secretary to write to the member or associate member who is subject of the complaint giving notice of the complaint and details of the grounds.

4 The Executive President of the NEC shall have the power to suspend a member from office if the member faces disciplinary investigation under these Regulations where this is considered appropriate in the interests of the member, CC, or BALPA generally, or to enable the matter to be investigated expeditiously. Unless determined otherwise, suspension will continue until the conclusion of both the investigation process and any resulting disciplinary process.

5 The NEC may require the member concerned not to meet specified person(s) while the investigation is proceeding, and until any consequent Disciplinary Hearing or Appeal Hearing is concluded; or otherwise impose any other condition or restriction on the member concerned as it considers appropriate having regard to the interests of BALPA, the complainant, the need to maintain confidentiality, or otherwise.

6 Depending upon the nature and complexity of the complaint, the investigation will normally be expected to be completed within 60 days of the appointment of the investigation officer(s). In the event that the investigation officer(s) believe(s) that more time is needed to conclude the investigation, it shall inform the NEC of this fact, the reasons why the investigation has not finished, and the expected timescale within which it is expected to be concluded.

7 Where there appear to be reasonable grounds to believe that a member or any other person can give relevant evidence, the investigation officer shall request an interview with that member or person. The member or person will be invited to produce any evidence including but not limited to any document, printed material, recording or photographic image that they or the investigating officer considers might be relevant with a view to assisting the investigation.

8 A request to a member to give evidence to the investigating officer may, if the NEC so determines, be treated as an instruction issued on powers delegated to the investigating officer by the NEC in accordance with this regulation. In the event of a member unreasonably refusing to cooperate, it shall be open to the NEC to commence action under Rule 10.

9 All aspects of the investigation will be treated as confidential. The member subject of the investigation and all persons invited to attend interview are to maintain confidentiality. In the most exceptional of circumstances it may be necessary for the NEC or investigator appointed to disclose evidence to another person(s).

10 The Investigating Officer shall prepare a report for the NEC, setting out each allegation, summarising the evidence, and their conclusion that either that there is a case to answer before a disciplinary hearing, or that there are no reasonable grounds to believe that the member is guilty of the conduct complained of. However, where the evidence is inconclusive, the investigating officer may nevertheless recommend that the matter should proceed to a disciplinary hearing where the evidence can be scrutinised and tested.

11 For the avoidance of doubt, the NEC is not required to accept the conclusions of the Investigating Officer and may direct that the matter should proceed to a disciplinary hearing, or where the Investigating Officer has concluded that there is a case to answer before a disciplinary hearing the NEC may decide to take no action or deal with the matter informally. The NEC shall retain authority to require the investigating officer
to re-investigate any issue. The NEC has the power to appoint a different investigating officer to consider the matter afresh.

**Disciplinary hearing**

12 In the event that it is decided that the matter should proceed to a disciplinary hearing, a member or associate member shall be given not less than 10 days’ notice in writing of the grounds of complaint against them. For the avoidance of doubt the grounds of complaint may not be limited to the terms of reference given to the investigation officer. The NEC reserves the right to reformulate the grounds of complaint or otherwise add new matters at its discretion. The member shall be given an opportunity to be heard either by the NEC or by a disciplinary tribunal appointed by the NEC, which shall report its findings and recommendations to the NEC. The NEC shall prescribe standing orders for the conduct of hearings before the disciplinary tribunal.

13 At the same time as being issued with notice of the grounds of complaint, the member shall be sent copies of any material to be considered in relation to the disciplinary allegations, together with the report of the investigation officer, and shall be told the date, time, and place at which the allegations against them is to be heard. The date for the hearing shall be set by the NEC who shall have the power to postpone the hearing if appropriate, or otherwise proceed in the member’s absence.

14 The member must submit, not later than 3 days prior to the hearing, any material in support of their defence, including any witness statement of any witness that the member wishes to call to give evidence at the hearing. If they intend to be accompanied by a member, they are also required to specify the identity of the member concerned.

15 The member shall be entitled to be accompanied at the hearing by another member who is not involved in any way in the investigation or otherwise a witness. The disciplinary tribunal shall have the power to refuse to permit a person to accompany the member at its absolute discretion. The member accompanying may address the tribunal, question witnesses, and sum up the defence or mitigation, but may not answer questions of their behalf.

16 The Disciplinary Tribunal will have absolute discretion to adjourn the hearing to allow for further evidence to be produced or for any other reason.

17 The Disciplinary Tribunal shall consider in private whether any charge is proved to its satisfaction, or not.

18 The NEC shall give the member or associate member a written statement of its findings and any penalty imposed. A decision to impose a disciplinary penalty will be effective immediately regardless of whether the member intends to appeal the decision or penalty.

19 A member or associate member who is suspended or expelled will cease to be entitled to any of the rights and privileges of membership and shall not be entitled to any refund of their subscription.

20 Where a member has custody, possession or control of information, property or any other material (including electronic images, files or data) owned or partly owned by BALPA, then they shall surrender such material forthwith at the direction of the NEC. Where a member has custody, possession or control of other property or information under the ownership of BALPA but relevant to a legitimate enquiry of the NEC, then the member shall co-operate with any reasonable request of the NEC for disclosure, inspection or publication of the said property or information.

**Appeals**

21 A member disciplined under these Rules shall have a right of appeal which shall be heard by an Appeals Tribunal drawn from an Appeals Panel constituted under these Rules. Normally appeals are determined by way of a review as opposed to a rehearing.

22 The number of the members of Appeals Panel shall be 6. No person who holds an office in BALPA may be appointed to the Appeals Panel. No person may be appointed to the Appeals Panel unless they have at some time 10 years continuous membership of BALPA.

23 The Appeals Panel will be elected by the Annual Delegates Conference (ADC) for a period of 3 years. Panel members shall be eligible for re-election for a second term of office, but no member shall remain on the Panel for a period of more than 6 years. If a Panel member relinquishes their office for any reason, a replacement shall be elected at the following ADC. Until then the position will remain vacant.
An Appeals Tribunal shall consist of 3 members appointed by the NEC from the current members of the Appeals Panel.

A member must give notice in writing to the General Secretary within 14 days of the date upon which the disputed decision was communicated. Such notice shall state the grounds and all matters on which the proposed appeal is based. Normally new evidence is not permitted but this is at the discretion of the Appeals Tribunal. Upon receipt of such notice, the General Secretary shall convene an Appeals Tribunal for a date not later than 45 days after the date they received the notice of appeal and shall give the appellant not less than 20 days’ notice in writing. The Appeals Tribunal shall appoint a Chairman from amongst its number.

The NEC shall appoint a member of the Secretariat of BALPA as the clerk to the Appeals Tribunal.

The Appeals Tribunal shall determine its own procedure with a view to ensuring a fair, honest and unbiased determination of the appeal, provided always that the appellant shall be given a fair opportunity to present their case in person and to answer any case against them.

The member may be accompanied by a BALPA member. The same rules as to being accompanied at a disciplinary tribunal hearing apply to appeal hearings.

The determination of the Appeals Tribunal shall be announced within 28 days of the hearing being concluded and shall be final. The Appeals Tribunal shall be entitled to vary, quash or uphold the decision against which the appeal is made and substitute any lesser penalty.

REMISSION OF PENALTIES

Notwithstanding any decision of the Appeals Tribunal under 29 above, the NEC shall have power to lift any disciplinary penalty (including power to remit or refund any fine). Any penalty imposed will last for a minimum of one year from the date the penalty took effect.

An application under this Rule must be made in writing. The applicant may make a statement to the NEC in support of their application, either orally or in writing. The NEC will not hear appeals and no cross-examination shall be permitted, although the NEC may ask questions of the applicant.

In the case of an applicant who has been expelled from membership or associate membership of BALPA, the NEC may, as a condition of the applicant’s re-admission, require that the applicant pay all or part of any subscription arrears.

The decision of the NEC on any application under this Rule shall be final and binding and shall not be subject to a right of appeal.
